Hugh Shaw Named Unionist Candidate For Macleod Riding

Best Convention in History of Southern Riding Declares Unanimously for Nanton Rancher

The union convention which met at Nanton, on Saturday elected Hugh Shaw, Nanton, as Unionist candidate for the riding of Macleod in one of the best attended and most enthusiastic conventions in this riding. There were 100 delegates present and Mr. Shaw received 71 of the total. J. W. McDonald received the other 50 votes, no person else standing for the nomination. Mr. McDonald straightaway moved that the nomination be made unanimous, and every delegate rose to his feet in approval.

Mr. Shaw, though a young man, has been a resident of Alberta for 29 years, coming to Alberta, when a boy with his parents in 1891, from Oxford county, Ontario, and settling in the High River and Nanton district. He is interested in grain growing and stock raising.

A RECORD CONVENTION
The convention in one respect was a record one. It started inaction at 3.30 p.m., made arrangements for the business of the meeting, voted the credentials of the delegates arranged about the return transportation of the visitors, selected a candidate, heard speeches, elected an organization and adjourned at 4.30.

At the opening of the convention the thought was filled with delegates and visitors. It was one of the most unique and remarkable conventions ever held.

There was full representation from every district in the big constituency. Of the six ridings four provincial members, George Hoodley, George Skelving, Dr. Stanley and John Kemmis, and three visiting members, Mr. McKinney, Hon. Archie McLean and W. M. Davidson were present. Of the sitting members only one, a non-partisan member, was absent. Of the elected candidates in the last provincial election, three were present and only one is opposing the Union government.

Hugh Shaw, temporary chairman of the meeting, called the delegates to order and urged that as he was understood as a probable elector, some one else should be chosen. The meeting was not so minded and Mr. Shaw proceeded.

COMMITTEES APPOINTED
The following committees were nominated:
Resolutions—John Kemmis, Dr. Stanley, J. W. McDonald.
Credentials—A. F. McDonald, E. A. Duggitt, E. Beveridge, George Skelving, M. L. A., J. R. Watt, R. Hopkins, H. Galitz.
Secretaries—R. O. Henderson, George Skelving, Dr. Kren, F. C. MacDonald, R. J. E. Gaudier, M. Morrison.

RESOLUTIONS ADOPTED
The resolutions committee reported the following resolutions:
1. That this convention expressed its unfailing loyalty to King George V. and to British institutions and pledges its active support in the present war to defend the cause of Great Britain and the allies in the present world war.

2. That the convention expresses its confidence in union government and commends the patriotic spirit of public men and private citizens who have sunk party differences and joined forces to form a great world crisis.

3. That this convention, including former Liberals and former Conservatives, express its appreciation of the public services performed by the constituency leaders of the two parties—Dr. Warnock and John Henson.

PERMANENT ORGANIZATION
An organization was effected with the following members:
Hon. President—John Henson.
President—J. W. McDonald.
Vice Presidents—E. Beveridge and Dr. Stanley.
Sec. Treas.—C. K. Underwood.
Committee—Presidents of local organizations.

STRAYED—Koch's Collie pup male; answers to name "Lag". Last seen Monday morning. Price \$25. Claresholm, Phone 2818.

Musical Competition

The yearly piano competition and exhibition given by Mr. Wm. G. Moffatt's pupils took place in the auditorium of the public school, on Tuesday, November 6th, commencing at 4.15 p.m.

Mrs. Geo. Simpson, Mr. O. Williams and Rev. Mr. McNeven acted as adjudicators for the afternoon session. During the evening session Mrs. Dr. B. F. Steves took the place of Mr. McNeven.

The results were as follows, with the names in order of merit.

Competition No. 1—Elisbeth Rodsten, Staveland; Doris Irvine, Staveland; Elsie Strang, Claresholm.

Competition No. 2—Raymond Williams; Dorothy Van Horn; Jessie Elliott; Ruth Rodsten, Staveland.

Competition No. 3—Bridie Gray, Marjorie Gray, Donna D. Moffatt, Mildred Reynolds.

Competition No. 4—Eleanor Fredericksen, Merle Barr, Irene Giroux.

Competition No. 5—Alice Whitehead, Rhoda Nelson.

Competition No. 6—Myrtle Matson, Clara Berg.

Competition No. 7—Alice Lehou, Staveland; Katie McKenzie, Jessie Lyndon.

Competition No. 8—Helen Tiltonson, Lorne Torgerson, Elaine Holmes, Gramom.

Competition No. 9 was in three parts. Viola Workman received highest marks in the first part. Willard Haig coming highest in the last two. The aggregate marks of this competition gave the first prize to Willard Haig. Second prize, Edith Amundson, and third prize to Jessie Holmes. Prizes for memory work were given to Mildred Reynolds, Irene Giroux, Donald Moffatt, Raymond Williams, Bridie Gray and Marjorie Gray.

Prizes for highly commended work—Mildred Reynolds, Emmie Harrison, Vera Elgin, Myrtle Matson, Edna Berg, Merle Barr, Irene Giroux, Marjorie Gray and Alice Simpson.

The prize consisted of books of music by the great authors amounting altogether to \$40. The money taken at the door amounting to \$30 went towards paying for the prizes.

The adjudicators gave thorough satisfaction in their marking, and few of their decisions would have been disputed by professional judges.

Letter of Thanks

NOV. 12, 1917
EDITOR CLARESHOLM REVIEW—Permit me to use the Review-Advertiser as a medium to express my heartfelt thanks to the Claresholm Band in their provision for giving their services free, at the dance given at my place on November 7th, for the French and British wounded emergency funds.

Thanks must also be given to the Five Mile ladies who presided over the Red Cross booth, and no less thanks should be given to the Claresholm and surrounding people who responded in such a great number, which was beyond expectation, to swell the receipt for the above mentioned good cause.

Over two hundred were in attendance, brought here in some forty cars. This shows that the Canadians at home are ready to help with their money those who are fighting for them in the trenches.

RECEIPTS
Dance tickets.....\$85.00
Sale of Baskets.....50.00
Total.....135.00
Approximate Red Cross Booth \$35.00
There were no expenses.
Yours truly,
NICK TATUMSON

Annual Meeting of The Farmers Elevator Co.

The annual meeting of the share holders of the Cooperative Farmers Elevator Company met last Saturday in the U. F. A. room. There was a small attendance, showing plainly how little the majority of farmers care about cooperative effort and organization when money is plentiful. The report of the elevator operations for the past year was interesting. The local elevator handled 242,500 bushels of grain, and the cooperative depart-

Help The Town and Help Yourself

The Town Council is spending considerable money in grading the front street. Unless it is graveled it will probably be little better for all the work being done on it a year hence. This is a matter of concern to every farmer and car owner in the district. The town finances are hardly set in a condition that would warrant the expenditure necessary to secure 500 tons of gravel. Could not the farmers help the town in this difficulty? Some farmers have already volunteered to haul from five to ten loads. Will every farmer place his teams for two days at the service of the town? No one would lose anything by it, and the benefits would be incalculable. The work should be done at once. The Review-Advertiser would be pleased to receive the names of the farmers who will help in this good work. Good roads will enhance the value of every foot of land in the Claresholm district. The town street is disgraceful to the whole community.

Part the Church Can Play in Country Life

What a wonderful opportunity or youth agriculture presents to train and direct the youth and energy of our youth! If agriculture will keep at home some of the jobs which can be done in the country, but which are organized are located in the city, they back to the farm, rural life, crowded city and depleted race questions will be solved. In accomplishing this do not forget that a social department is a vital thing to a country business organization. Man is a social being craving the society of men, and he prefers those of his own experience and ideals; he seeks entertainment, but unknowingly will choose that best fitting into his life, and his amusements will naturally be from topics which his training and experience enable him the most easily to comprehend.

This branch of the organization should include schools, both trade and business, preparing him for his work instead of the university. This is the proper department for sanitation, nursing, self-education, especially with children's diseases. There should be physical training with gymnastics, shower baths, boxing and other games, as well as many drill.

The proper agency to successfully undertake this part of the organization is the Church, weak now because its time is spent in prayer and praise, without criticizing which it may be suggested that faith without works is void, and the demand now is for community service and public welfare. You should every one support church, preferably from the highest religious motives, but, if necessary, because of business necessity. Its history, standing, motives and foundation principles, universally acknowledged make it the only agency to successfully accomplish these social benefits.—M. L. Grant in Report of Mass. Board of Agriculture.

Red Cross Notes

The following letter has been received from Calgary headquarters:

DEAR MADAM:—I beg to acknowledge with your letter of the 26th inst. enclosing draft for \$60.00 being a donation to the British Red Cross "Our Day" appeal.

We thank you have done splendidly in forwarding such a large sum for this fund and wish to congratulate your members most heartily for their continued interest and support.

With kindest regards and again thanking you,

I remain,

Yours faithfully,

MARY PIERSON.

A second letter has been received from headquarters notifying us that the Red Cross Society is doing everything in its power to support the "Ogdan Military Hospital" for returned veterans. This hospital is situated

just outside Calgary and cares for the Alberta returned veterans, whose wounds still require constant medical attention. The Red Cross at present is providing the vegetables required for the winter months and asks the Claresholm branch to donate as its share two bushels of potatoes. Shall we send them and at once?

Three new members have been added to Capt. Gibbie's group. Mrs. Josephine Combs, Miss Emma Mosley, Miss Josephine Mosley.

Mrs. Daisy of Meadow Creek has joined Capt. Bell's group.

Mrs. Green has joined Capt. Fisher's group.

Two new cutters, Mrs. Elliott and Mrs. Wallace have joined Capt. Repack's group of cutters.

The autograph quilt has just been completed by Capt. Larsen's group and is on view in the rooms this week. It will be forwarded to the "Ramsgate Hospital, England, and placed on one of our Claresholm beds. Mrs. Lyndon very kindly donated all the material for this quilt.

Capt. Gibbie's group has just sent in a special donation of \$41 to our Funds.

Granum News

Harry Dimm spent a few days in Lethbridge this week. Mrs. Geo. Gregory, of Calgary, is a guest of Mrs. P. A. Holmes.

Born—On Nov. 8th, to Mr. and Mrs. Rod McDougall, a son.

Mr. J. J. Goose was a visitor in Claresholm, Tuesday evening.

Born, on Nov. 9th, to Prof. Nimmons and wife a son.

Mr. E. O. McClary ordered a Saxon Six last week.

Geo. Webb was in Calgary a few days last week on business.

P. Vandervoort is ready to take a sale for you at any date you mention.

T. Gosson purchased 800 acres of land from Mr. O'Dell. The land is about 4 miles south of Granum.

Geo. Gosson purchased 320 acres of land, a few miles east of town, from his brother, T. Gosson.

Look out for a hard winter. It may not come, but some of our local weather prophets predict that it will.

Who will be the next for an auction sale? G. R. A. Blair will be glad to arrange for same.

There seems to be plenty of work for the two garages in Granum. Both are very busy.

Mrs. Wm. Moffat, of Claresholm, was a visitor with her daughter, Mrs. Harry Tilden, on Wednesday of this week.

Mrs. Harry Dimm and son, Tommy, are spending a few days in Calgary. While in Calgary, Mrs. Dimm will be under medical treatment.

P. Franke and family left for B.C. a few days ago, where they will visit for a few weeks before going to California.

Mr. Leason and family are leaving shortly for southern cities, but may return to sunny Alberta and locate again.

Mr. Ferdinand Johnson, who is now living in the Milk River district, is visiting in Granum for a short time.

The public schools were closed on Thursday and Friday of last week to enable the teachers to attend the convention at Lethbridge.

We are losing several of our old-time residents. This fall, Mr. and Mrs. J. Melonis and family are leaving, having purchased a home in Calgary.

Moses D. Cunningham, C. E. Moore, and J. Munro were down south of Lethbridge a couple of days last week hunting game. They returned with some very nice poultry.

Geo. Higgins had the misfortune to sprain his wrist while attempting to animate a Ford. George has been suffering more or less ever since and is carrying his arm in a sling.

Mr. Ross Langton and family have moved to Calgary, where they have purchased a home. Mr. and Mrs. Langton will be greatly missed in Granum where we have made their home so long. They were amongst the pioneers in Granum district.

Recent casualty lists give the names of five Macleod boys—Pte. A. R. Harris, killed Oct. 26. He formerly was a butcher and was of Macleod's; Pte. L. Tripp, wounded Oct. 26th; Pte. A. Reusick, wounded Oct. 28th; Pte. J. McNabb, wounded Nov. 8; Pte. G. Ferguson, wounded Oct. 30.

Only one representative of Claresholm is reported as attending the Liberal Convention at Macleod on Monday. Mr. McInnis, a druggist and general store man, of Cowley, received the nomination.

S. T. Marshall of Mountain Peak district received the nomination at the Non-Partisan Convention last Thursday. He was elected through the accident that his son met with, but it is reported that he has accepted the nomination.

MADE IN ALBERTA

Claresholm Local News

J. & E. Wylie are giving away a gramophone. Get particulars at once.
Mrs. McKinney, M.L.A., left for Nelson, B. C., on Monday last.

There was a large attendance at Anderson's sale on Tuesday and good prices were obtained.

A. E. Strange, auctioneer, has had a busy week with three big sales to shout over.

L. G. DeForest has rented the building next to the Wilson hotel and has put in a stock of Starr gramophones and Martin Ome Piano players.

Mrs. Penzloff purchased a Player piano from L. G. DeForest and is now furnishing evening entertainments to the neighbors.

Wm. Moffatt, ex-M.P.P., received the degree of Dr. while attending the Edmonton convention according to the Calgary papers.

Mr. F. J. McKellar, one of the V. M.C.A. military associates, for the west arrived in town on Thursday and has since been busy making arrangements for Captain Pearson's visit on Tuesday, the 20th. The L.O.D.E. will be supper at 6:15 after which Capt. Pearson will speak to men only.

In the Opera Hall at 8 o'clock Capt. Pearson will tell his story of the war as he saw it for two years in France.

The announcement was made in the Methodist church last Sunday that the new hall was to be known in the future as Harrison Hall. This is a fitting tribute to a beloved and faithful pastor who spent the last four years of his ministry in Claresholm.

Mr. D. C. Brown was chairman of the Medicine Hat district when the Claresholm auction was first formed. He is now chairman of the district and a few months after leaving Claresholm.

A. Ashdown Marshall, Sight Specialist of Calgary, will be in Claresholm—Monday, Nov. 19th. Tuesday, Nov. 20th. Wednesday, Nov. 21. Those with Eye Trouble or in need of proper glasses will do well to consult him on this visit. Dr. Marshall's methods of looking into the eye by special instruments enables him to detect the most difficult troubles, both in children and adults.

Those with Eye Trouble or in need of proper glasses will do well to consult him on this visit. Dr. Marshall's methods of looking into the eye by special instruments enables him to detect the most difficult troubles, both in children and adults.

Mr. A. Watson, and wife of Macleod Creek spent Sunday in town.

Don't forget the big sale at W. F. Cook's next Wednesday.

Corp. Larkin is taking a few weeks holiday in the hills. Mr. Groulx is taking his place in Brown's store.

Mr. W. Higgs, of Pendleton, Oregon, arrived in town on Thursday morning.

Pat Shields of the Bank of Commerce staff, has enlisted in the 78th Battalion now stationed at Lethbridge.

Mr. Ben Rands, of Peace is visiting with his sister, Mrs. Boniface for a few days.

BORN—To Mr. and Mrs. J. D. Walker, of the Bank of Commerce, on Saturday, November 10th, a daughter.

Fish and Averill are the proprietors of the new fur and hosiery store which has been opened in the old furniture store.

The opening dance at the college last Friday was well patronized and a most enjoyable evening was spent by the students and visitors who attended.

Calgary reports that amongst the scores of Chalmers that have been conscripted not one has put in any claim for exemption. The yellow streak appears to have vanished from the yellow man.

The Province of Alberta has guaranteed \$50,000 for the Patriotic Fund. The voluntary system thus comes to an end in Alberta and every man will be compelled to contribute his share to this fund.

J. M. Soly is having a cement walk put down in front of his store. Work will be commenced immediately. Who else of our business men will help to improve the town?

The military tribunal has been busy all the week trying an average of 25 applications a day. The judges are using yellow streaks all day. Color blindness would be a welcome relief. They will all over when a young man appears ready to answer the call of duty and Empire.

It is rumored that the Lethbridge High School Basketball Team will be here next Saturday to play against the Claresholm High School. Points are probably appear to advertise the game and a collection will be taken to defray expenses of the visit. If our girls play as they did in Lethbridge, this will be a good game.

The victory loan canvassers received their final instructions last Monday and are now busy in their respective districts. Every man, woman and child should get a victory bond. Nothing will give one more satisfaction in years to come than the knowledge that one helped our boys at the front to win the victory over the world's traitor.

The Chautauqua committee met last Tuesday and made arrangements for the coming festival. Only 300 season tickets will be sold at \$2.00. Already a large number have been disposed of and the balance will hardly be sufficient to supply all who are planning to attend. Tickets can be obtained from any member of the committee at the Review-Advertiser office.

McCardell--Strang

An interesting wedding took place last Friday at the home of Mr. and Mrs. J. F. Strang when their daughter, Sarah Hazel, was united in matrimony to Mr. William McCardell, of Banhead, Alberta. Rev. W. McNeill, of High River, performed the ceremony.

Owing to the groom meeting with an accident he was detained in the hospital at Calgary until it was too late to catch the morning train and the trip from Calgary was made by auto.

The ceremony was performed in the evening. Only a few of the intimate friends were present. Mr. McCardell has enlisted in the aviation corps and he will leave shortly for training at Toronto and later in Texas. Mr. McCardell will accompany his husband until he is sent overseas.

Mrs. McCardell's many friends unite in wishing her every happiness.

WANTED—A few more Table Boards. Apply Miss A. PALMER, opposite Presbyterian Church, on the north side.

Synopsis of Canadian Northwest Land Regulations

The whole land of a country is made up of parcels of land. Some are owned by the Government, some by private individuals. Some are used for agriculture, some for stock raising, some for mining, some for other purposes. The Government has the right to regulate the use of all land. It has the right to grant land to private individuals for certain purposes. It has the right to take land back for public use. It has the right to regulate the sale of land. It has the right to regulate the use of water. It has the right to regulate the use of forests. It has the right to regulate the use of minerals. It has the right to regulate the use of all natural resources. It has the right to regulate the use of all land.

Britain Increases Army and Navy Pay

Advance in Pay Involves Sum of 500,000,000 Pounds for First Year

The British cabinet has increased the army and navy pay, although the increases are small compared with the American and colonial standards. Frequent pay at the rate of from three to six pence a day, but will be payable after six months' service instead of two years, and for the present army rate, there is also an increase of a penny a day for each year of war service. This compulsory allotment of six pence daily for private soldiers and sergeants is abolished.

The navy increases about the same rate of pay, and the allowances to the army and navy now amount to 25,000,000 pounds a year. The increases involve 50,000,000 pounds for the first year.

One dose of Miller's Iron Powders will clear the stomach and rid the body of worms, so that the child will be more free to enjoy his food.

The powders are sweet to the taste and no child will object to taking them. They are non-poisonous in their composition, and while in some cases they may cause vomiting, that must not be taken as a sign that they are nauseating, but as an indication of their effective work.

Automobiles in Canada

Motorists continue to be a most vigorous activity in Canada, according to figures given in the Toronto Star, an estimate of \$50,000,000 being held as the worth of cars manufactured in this country this year. Those purchased in the same period are placed at 100,000, or five times the number acquired in 1914. One out of about 57 of the population, Canada thus occupies third place among the nations of the world in the use of automobiles—the United States coming first, with 300,000 for 110,000, 600 people and Britain second with 276,000. This is certainly going some for a young empire like ours, with its sparse population.

It is overlooked that no unnecessary number are utilized for agricultural and industrial purposes, causing much economic saving in time and labor. Many users are city-jockeys—Hamilton Spectator.

Uncle Sam's Soldiers

Origin of the Marks of Rank are Explained

The marks of rank on the clothing of American military officers are not the same as those used in the British army. An officer with General Pershing's force has explained their origin. The oak leaf, for example, is by a captain, and the poplar leaf by a major; because the poplar grows taller than the oak, it was assigned a colonel, because the eagle grows for generals, because the eagle towers above the stars which are over his head.

An officer's coat above his breast board is white, the enlisted man has merely two rows of stitching. The overcoat of an officer is cutless and has various braids to denote rank, while the enlisted man's overcoat has a cuff. The officer also has two bone buttons on the back of his overcoat, left, the enlisted man two bronze buttons bearing the United States arms—London Bits.

Invalid Soldiers Form New League

Convened Soldiers at Edmonton Form Mutual Welfare

The Invalid Soldiers' Welfare League is a newly formed organization in the Edmonton Convolescent Home which promises to become a model for similar leagues in all the convalescent homes of the military hospital commission.

There are many phases of life to be carried on in the homes, and the patients here hit upon the idea of forming an organization which would provide machinery for promoting all the social and domestic life of a canteen, as well as a bond of fellowship common to all the men in the home.

The membership is constantly changing, as the canteen is discharged and new ones come in, but every man while he stays belongs to the league. The aim is simple—

for the betterment of the men in the convalescent homes.

The league is directed by the returned convalescent men.

There are three chief committees; one in charge of the social and arrangements, field days, and all sports; the social committee, and the canteen committee.

The supreme proof of its usefulness comes when it lends money, in the amount of \$400, to any man going out into civil life, needing a loan. It can give proper security, and every loan is repaid.

This is a boon to the man who lived on a salary before he enlisted and whose family used his small salary to support his dependents.

In the Edmonton fair, the boys cleared \$2,000 on a show they staged. Each man who worked was paid \$2 a day, and ten per cent. of the profits were turned over, as is their custom, to the widows and orphans from the Great War Veterans.

Unless women be expelled from the canteen, the league will be a Mother's Graveyard.

The best medicine extant, destroy worms.

Irigation Project Extended

Railway Co-operating With Farmers in Aid of Increased Production

The steps being taken in Western Canada to increase food production manifest themselves in many ways. Among the latest is a request made by the Lehigh Valley Railway to the Canadian Pacific railway that the company should take the Lehigh Valley irrigation water in the ditches beyond the company's line, and allow the farmers to irrigate their land to enable them to grow crops of wheat and corn. The Lehigh Valley Railway is for the purpose of increasing the production of wheat and corn. Similar representations have been made by settlers in the eastern part of the Canadian Pacific railway irrigation block, in its desire to the company has shown farmers in increasing production by agreeing to the request, that water should be supplied through the company's line, and the project is officially the end of the irrigation season.

Fresh Supplies in Demand

Whereas Dr. Williams' Pink Pills has been introduced increased supplies have been introduced showing that wherever it goes this excellent oil impresses its power on the people. No matter in what latitude it may be found its potency is never impaired. It is put up in most portable shape in bottles and can be carried without fear of breaking.

Walks Between Buildings

Reduces the Amount of Dirt Carried Into the House

Walks between buildings add a good deal to the dirt carried into the house, which the chlores can be done with the use of the cement concrete. The cement concrete is one of the best materials for making walks. When it is properly made it will stand up to the wear and tear of good quality of the construction.

In making the walks excavate eight to ten inches deep and fill in with four to six inches of concrete or similar material, well tamped to make a good base, and then place three and a half inches of cement tamped in.

One-half inch of cement mortar mixed in the proportions one cement to two sand. The gravel for concrete should be well graded in sizes from one-quarter to one inch.

For this material the proportions may well be one cement, three parts of gravel. Proper materials should be used for a better mixture. The top coat should be troweled, to drive it into the concrete base, but not necessarily to make it smooth.

A "rough" walk may be actually, in which was a little of the material may be used in the concrete and the four inches made of this material—See Dr. Williams' Pink Pills.

A cynic is a man who must be unhappy in order to appear happy.

Accidents to Aviators

Performing Complicated Evolutions Proved a Source of Danger

Accidents of course, are inevitable, and they may not be too frequent in proportion to the number of aviators who are now in the air every day. It is for the authorities to judge of that, just as it is for them to judge whether an undue number of these accidents can be attributed to the aviator's fault. But we are bound to say that the increasing number of accidents in this country to perform complicated evolutions very close to the ground suggests to the lay observer that needless risks are being taken. Practice in tactics of the air is an essential part of the training of the fighting pilot. Except for this purpose, however, and especially in the earlier stages of training, we should have thought them unnecessary and unjustifiably dangerous, however alluring they may be to the building pilot. If so, they should be prohibited at once—London Times.

The Future of Germany

Will Suffer from an Economic and Social Boycott

Whether victorious or defeated, Germany is likely to suffer from years of economic and social boycott, not necessarily inspired by the desire to punish Germany, but because of the economic and social conditions which will be the result of the war. It is probable that it will be many years before any country will be able to do so.

We hardly realize the intensity of feeling which the suffering and the hardships of this war have brought about. The desire to punish Germany will be the result of the war.

The desire to punish Germany will be the result of the war.

The Oldest Written Word

An Investigator Says It Is 'Thalg, Sals, or Tals, Meaning Ice or Snow'

In an editorial discussion of the oldest written word, The Interstate Commerce Journal declares it to be a word meaning ice or snow, which was first used in the oldest known language, thalg, sals, and tals. Here is the argument.

"How many, if asked what the oldest written word found in an extant document and yet in use to mark you, the oldest root—could answer correctly? And yet the word is one appearing frequently in our advertising columns, and in the name of a therapeutic agent and toilet article in common use.

In the office copies of the letters and instructions given to the envoys of the heretic king of Egypt, Amenhotep (Amenoph IV) in the fourteenth century, B.C., in which copies were discovered at Tell-Amarna, there occurs a passage which was read as follows: 'We hope that the sale will not interfere with you!'

"It was taken for granted that 'sals' was the name of some vegetable tribe in the hills of northern Syria; but it was remarkable that a tribe, powerful enough to have the royal of such great monarchs as those before mentioned, and whose correspondence was passing, should not be mentioned in the history of the voluminous of those times.

"Pondering this, a philologist remembered that the word 'sals' was interchangeable, especially in Semitic languages, with the word 'thalg', which, that imitating the northern Semitic root, was spelled in the Arabic as spelled and in southern Arabia is pronounced 'thalg', while the Semitic root is known to European as the Ottoman empire. Now, there exists the Semitic language a word for ice or snow which, in the place of the sound of 'thalg, sals, and tals.

"The mystery was thus cleared up. The envoys had to pass the mountains of northern Syria in winter, and their quest master expressed hope that the ice or snow would not interfere with their journey.

The Egyptians, having no acquaintance with ice or snow, would naturally wonder the name from their northern neighbors.

The Hebrews desired to give a name to the fallacious magnanimous of the word 'sals' which suggested its resemblance to ice, and they called it 'tals'.

The mystery was thus cleared up. The envoys had to pass the mountains of northern Syria in winter, and their quest master expressed hope that the ice or snow would not interfere with their journey.

The Egyptians, having no acquaintance with ice or snow, would naturally wonder the name from their northern neighbors.

THE RED ACE
THE LURE OF THIS UNATTAIN-
ABLEAt Rex, Wednesday and Thursday,
November 21 and 22
CHAPTER II.Arrived at Lost Hope, Virginia rapidly
becomes acquainted with the cir-
cumstances which have made the U.S. government suspect her father and
brother of sending platinum destined
by them to the forces in the
vicinity of the idea, and in collab-
oration with the Canadian govern-
ment, they send Sergeant Whitstop.
If the Northern Mounted Police, to
Lost Hope to investigate the matter,
and putting up at Pierre Pouchard's inn,
he at once assumes the suspicion of
"one-bird," "Dutch" Kate, apparentlya chambermaid. "Steel" Hesters, ap-
parently a gambler, and Dr. Hirs-
man, who has arrived on the train
with Virginia, but unknown to her,
in an attempt to escape from the
phantom. Next, half-breed, half-man,
Virginia rolls down a cliff, straight
into the campfire of Whitstop, and
her own Indian messenger, Little
Bear. An affection at once springs
up between Whitstop and Virginia.and each tells the other all of the cir-
cumstances that they know. Virginia
and Kelly her boyfriend, start to
ride back to the village, but as they
try to start under a giant tree with
low-hanging boughs, Virginia is
snatched up bodily into the tree, and
her rideless horse makes off fran-
tically down the road.

BASKETBALL GIRLS

PLAY TO A TIE

(From Lethbridge Herald)

The Clareholm girls high school
basketball team lived up to their
reputation, and the game started be-
tween them and the local high girls
was one of the best ever witnessed
here. The game was played with
girls' rules, necessitating seven play-
ers on a side, and regular mark off
space for the different positions of
centre, guard and forward. The
local team having been used to the
boys' rules of everybody any place
on the floor were at first lost, but
came back with a crash in the sec-
ond half.The first was featured by some
consistent shooting by C. Vadnais, a
Clareholm forward, and good check-
ing on the Clareholm side. The
second half was a scrap from start
to finish, and the Lethbridge for-
wards now began to locate the hoop.
Joelle Hickel was playing like a
whirlwind and Margaret Gibbons al-
so made a couple of nice shots. With
two minutes to go the score was tied,
12 all. Then just as the whistle blew
for time Joelle Hickel threw in a
nice long shot which made it 14-12
in favor of Lethbridge. After much
dispute the last basket was ruled off
and the game was declared a draw.
Two of the Lethbridge players were
disqualified so the game could not go
on. Another meeting of these two
teams would draw a large crowd.The second game of the evening
between the Stars and Monarchs
was won by the Purple Shirts. The
Monarchs' one more win now and
the latter team will have the cham-
pionship tucked away. The game be-
tween them and the "Y" on Monday
will very likely be the deciding one.
The individual score and line-up
of the games respectively were:

Lethbridge.

THIS is Thomas A. Edison, who although
seventy years of age, is now working eighteen
hours a day for his country, without pay or thought
of reward.

His work is being done secretly; but it is probably true that
the United States is placing more reliance on Mr. Edison than on
any other single man except the President.

Mr. Edison is conceded to be the greatest inventor the world
has ever known.

The NEW EDISON

"The Phonograph with a Soul"

is Mr. Edison's favorite invention. It is the achievement in which
he takes the greatest pride.

Do you believe that there is any other man in the world—or
group of men—who could invent as good a phonograph as Mr.
Edison's new phonograph?

This wonderful new instrument is built by experts under the
direction of technical men in accordance with laboratory standards
established by Mr. Edison personally.

COME TO OUR STORE. Let us prove that The New
Edison gives a musical record which no other sound reproducing
device is capable of producing.

DELCO-LIGHT

ELECTRICITY FOR EVERY FARM

All In The Day's Work

Delco-Light actually pays for itself in time and labor saved in doing
the household chores.

Here is a sample day's work for Delco-Light, on the farm of A. L. Denlinger, near
Engelwood, Ohio.

—ground 150 lbs. of sausage meat—churned 90 lbs. of cream—turned
the washing machine and wringer for large family—consumed
25 gallons of milk. And after all of this work, my wife had plenty
of time to bake bread. During the evening, some of the neigh-
bors drove in and we had a pleasant time under Delco-Light.

Delco-Light better living conditions on the farm. It furnishes an abundance
of clean, economical, safe light for house and outbuildings. It makes possible
a modern bath and running water in various parts of the
house, and it furnishes power for small farm machines.

Delco-Light is a complete electric power plant—wonderfully
compact, economical and efficient—and so simple that
a child can care for it.

FRANK MURRAY & CO., CLARESHOLM

The MINISTER OF FINANCE offers for Public Subscription

Canada's Victory Loan

Issue of
\$150,000,000 5% Gold Bonds

Bearing interest from December 1st, 1917, and offered in three maturities, the choice of which is optional with the subscriber, as follows:

5 year Bonds due December 1st, 1922
10 year Bonds due December 1st, 1927
20 year Bonds due December 1st, 1937

This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.
The amount of this loan is \$150,000,000, exclusive of the amount (if any) paid by the subscriber of bonds of previous issues. The Minister of Finance
however, reserves the right to alter the whole or any part of the amount subscribed in excess of \$150,000,000.

The proceeds of this loan will be used for War purposes only, and will be spent wholly in Canada.
Principal and interest payable in Gold
Denominations: \$50, \$100, \$500 and \$1,000

Subscriptions must be in sums of \$50 or multiples thereof.
Principal payable without charge at the Office of the Minister of Finance and Receiver General at Ottawa, or at the Office of the Assistant Receiver
General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria.

Interest payable, without charge, half-yearly, June 1st and December 1st, at any branch in Canada of any Chartered Bank.

Bearer or Registered Bonds

Bonds may be registered as to principal or as to principal and interest.
Early certificates, non-negotiable, or payable to bearer, in accordance with the choice of the applicant for registered or bearer bonds, will be issued after
assignment, in exchange for principal receipt. When these early certificates have been paid in full, and payment endorsed thereon by the bank receiving the money
they may be exchanged for bonds, when prepared, with coupon attached, payable to bearer, or registered as to principal, or for fully registered bonds when
prepared, without expense, in accordance with the application.

Delivery of interest certificates and of definitive bonds will be made through the Chartered Banks.
Bearer bonds with coupons will be issued in denominations of \$50, \$100, \$500, and \$1,000, and may be registered as to principal only. Fully regis-
tered bonds with coupons will be issued in denominations of \$50, \$100, \$500, and \$1,000, and may be registered as to principal and interest. In any subsequent
multiple of \$5,000.

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons, will have the right to convert into bearer bonds
of the denomination of \$5,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denomi-
nations without coupons, at any time, on application to the Minister of Finance.

Surrender of Bonds

Holders of Dominion of Canada Debenture Bonds, due October 1st, 1919, and bonds of the three preceding Dominions of Canada War Loan Issues,
have the privilege of surrendering their bonds in part payment for subscriptions to bonds of this issue, under the following conditions:—

Debenture Bonds, due October 1st, 1919, at Par and Accrued Interest;
War Loan Bonds, due December 1st, 1922, at 97½ and Accrued Interest;
(The above will be accepted in part payment for bonds of any of the three maturities of this issue)
War Loan Bonds, due October 1st, 1937, at 97½ and Accrued Interest;
War Loan Bonds, due March 1st, 1937, at 97½ and Accrued Interest;
(These will be accepted in part payment for bonds of the 1927 maturity ONLY of this issue.)

Bonds of the various maturities of this issue will, in the case of future issues of like maturity or longer, made by the Government, when such issues
made abroad, be accepted at par and accrued interest, as the equivalent of cash for the purpose of subscription to such issues.

Issue Price Per

Free from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.
Payment to be made as follows:

10% on December 1st, 1917 50% on March 1st, 1918
20% on January 1st, 1918 20% on May 1st, 1918
20% on February 1st, 1918 20% on May 1st, 1918
A full half year's interest will be paid on 1st June, 1918.

The Bonds therefore give a net interest yield to the investor of about:
5.51% on the 20 year Bonds
5.68% on the 10 year Bonds
5.81% on the 5 year Bonds

All payments are to be made to a Chartered Bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render
subscribers liable to forfeiture of their bonds. In the case of the 20 year bonds, the interest will be paid by the Government, but will be forfeited
through the medium of a Chartered Bank. Any branch in Canada of any Chartered Bank will forward subscriptions and issue provisional receipts.
In the case of partial subscription the surplus amount will be applied toward payment of the amount due on the January 1st, 1918, and the January 1st, 1919,
instalments may be paid in full on January 2nd, 1918, or on any instalment due date thereafter under discount at the rate of 5¼% per annum. Under
this provision payments of this issue will, in the case of future issues of like maturity or longer, made by the Government, when such issues
made abroad, be accepted at par and accrued interest, as the equivalent of cash for the purpose of subscription to such issues.

Forms of application may be obtained from any branch in Canada of any Chartered Bank, or from any Victory Loan Committee, or member thereof.
The issue of the Loan will be kept at the Department of Finance, Ottawa.
Applications will be made in due course for the issue of this loan at the Montreal and Toronto Stock Exchanges.
Subscription lists will close on or before December 1st, 1917.

Complete Service to Ford Owners Everywhere

COURTEOUS attention to your needs wherever you may
travel is something you appreciate, and being a Ford
owner you can get it. You are always "among friends".

There are more than 700 Ford Dealer Service Stations through-
out Canada. These are always within easy reach of Ford owners
— for gasoline, oil, tires, repairs, accessories, expert advice or
motor adjustments.

The cost of Ford Service is as remarkably low as the cost of
the car itself. Nineteen of the most called for parts cost only
\$5.40. Just compare this with the cost of spare parts for other
cars and you will realize the advantage of owning a Ford.

Meadow Creek Ripples

Mr. and Mrs. G. Stuart gave a
"Gossip" supper to the "thrashing
crew" after a very successful run, last
Thursday.

If some of the people on the Creek
would patronize their town paper
more, they would not be so far behind
the times, as some of them seem to be.

Mr. and Mrs. S. Ferguson were
visitors on the Creek last Sunday.

Some people own so much land
that when they get in the centre they
cannot find their way out by a different
gate.

It takes nearly a week for some of
the gentlemen of this district to
make a trip to town and home again.

Who is the latest "sport" on the
Creek? Why don't you know? The
fattest of the tribe of the Creek Back-
siders! To be sure!

Mr. C. Crawford is moving his fam-
ily to the flats soon. They will move
into the Prince place, and Mr. Fran-
cis and family are moving into their
place here, which formerly belonged
to A. J. Crawford.

Mr. P. Downs will be opening up
a lumber yard in Claresholm, soon.
He is now operating two saw mills in
B. C.

Mr. W. Timlick leaves for his place
in B. C. soon. He has been with R.
Austin during the past two months.

Mr. and Mrs. deForest and family
spent Sunday last with Mr. and Mrs.
Hart.

The Trochil Lumber Co expect to
be running at full pressure for some
time. This will enable the farmers to
get the lumber they want while the
fine roads hold good.

Too Bad Central isn't a jeweler, so
she could fix the clocks over the tele-
phone!

There will be a dance at the "Hard-
wich Ranch" on November 16th.
Everybody come!

Also a dance at Schaffer school on
Friday, November 16th. Everyone
invited! A good scotch time pro-
mised to all. New friends to meet!
Come! and Ladies please bring a
basket!

Stavely News

Joe Brown had the misfortune to
break a rib last week.

Bernie To Me and Mrs. J. Cecilia
on Friday, November 16th, a daughter.

Rev. Mr. Phoenix spent Tuesday in
town, the guest of Mr. Oats.

Private R. D. Reid of Portland
was reported on the casualty list last
Friday as killed.

Mr. Frank Orr is in charge of the
new real estate office just opened in
the old Crown Lumber Co's office on
main street.

A. D. Irvine spent a day or two in
Canary this week. We are ex-
posed to hear from Mr. S. T. Mac-
donald, the son is improving and
hopes to be around again in a short
time.

The new coal dealers license stipu-
lates that no dealer shall knowingly
supply anyone with coal that will
bring their total holdings above a ton.
This is a government order and
failure on the part of the dealers to
enforce it is penalized by the exca-
vation of dealers license and a heavy
fine.

Mr. Jim Hen, Nigger left on Wed-
nesday's regular train for U. S. points.
Unfortunately there were no exca-
vation rates in vogue on those dates, so
he was forced to pay full fare, al-
though at the U. P. R. he asked
him, as any other railroad Co. would
let us smell a person as Johnny ride
for one-half price. Johnny did not
smell so much though as he has made
some money in the last two years,
which added to the proceeds of the
sale of a money trap (which the for-
mer owner very kindly took back at full
invoice price) and the refund of a
nickle on a part bottle of cough syrup
which he was able to dispose of, to-
gether with the realized from the sale
of a couple of old cat cans, together
with the price of a set of auto tires,
which he still claims to have coming,
put him in pretty fair financial posi-
tion. In losing Johnny the district
loses a very patriotic and useful citi-
zen. (from a conservative view) his
main characteristics of never letting
go of anything, to be greatly ad-
mired in these "Win the War" times,
but he is so continuously remind-
ed to be careful not to waste anything.
In wishing him a long, safe journey,
we can only add that what our gain
is, Uncle Sam's loss.

The Nazarene Mission

IS HERE TO BE AN

OPEN DOOR

To the friendless and homeless.
To those farthest from Christ.
To those who do not attend church at all.
To offer a meeting place for Christian fellowship.
To offer the experience of Christian Fellowship to all Christians.
To be a blessing for permanent good to Claresholm.

Pastor E. E. Martin will preach at 7.30, on NOV. 18th

Remember live people meeting at 3.30 p.m.

"Meetings of the Old Time Religion"

Save Fuel, Keep Warm

A little prevention now will save a lot of fuel when the red winter days
come. Take an inventory of the windows and doors about your house and
see what a little attention now will save expense later on.

STORM DOOR — STORM SASH

Are a mighty good preventative against the cold and a sure shaver against
wasting fuel. We have them in all sizes, and will be glad to help you fight
the cold.

A SAFE PLACE TO TRADE.
